OLOS uses **Dibi, Bruno Vassari, Jan Marini, Rhonda Allison, Pevonia** and OLOS Pharmaceutical compounded products for all facial treatments. Each facial includes a thorough skin evaluation, deep cleanse with steam, extractions, massage of the scalp, face, décolleté, arms, hands and feet. Also included is technology such needed such as mechanical lymphatic massage, high frequency, enzyme brushing, ultra-sonic machines, and hydrotherapy machines. Facials are finished with an appropriate masque and moisturizer for your skin type. Add on specialty peels, masques, technologies, ampoules, and treatments are available and vary in price. Please inquire.
